HEADMASTER'S INTRODUCTION

Saltus has distinguished itself with another year of achievement and happy activity at all levels—amply illustrated in these lively pages. Students, staff, parents and alumni will remember many events: the colourful junior and senior swimming competitions which showed school spirit at its best; some excellent dramatic productions ('Ali Baba' and 'Bugsy malone') and equally outstanding musical concerts at all three schools; the large number of students (61) graduating from the senior year at the cathedral; and, of course, our World War II reunion to which we welcomed some 50 alumni of the 1940s.

The school's popularity is constantly evident, in our 1000+ students, our long waiting lists for entry and in our building extensions. The year opened with some very fine extensions to Cavendish, and its close sees similar additions at the Junior School. Class sizes are smaller (down from around 25 to 20) and in the background many hours of hard work have been undertaken by our teachers to update our curriculum. Meanwhile, our international reputation as an educational leader in information and communication technology in the classroom was established as we announced 'laptops for all' — each student and every desk now connected to the information age by wireless radio link. The opportunities are very exciting indeed.

Our year was touched by sadness with the tragic loss of Ewen Sampson from SGY — and we are sad, too, to see both Shirley Bacon and Sue Hall retire from teaching after both contributing so much.

I know that members of the Saltus Family will, nevertheless, share our pride in the knowledge that Saltus is now as vibrant and strong a school as ever.

Trevor Rowell
 HEADMASTER

“

Wisdom is not found at the top of the graduate school mountain, but in the sand box at Cavendish School.

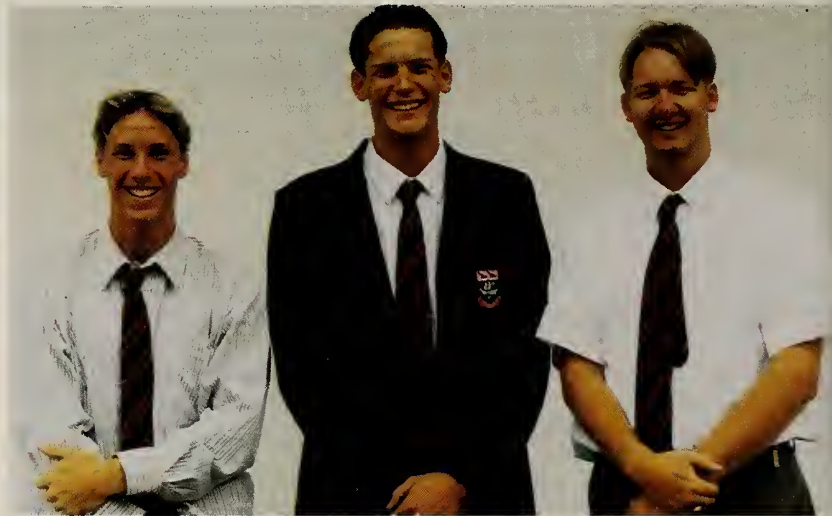

”

THE RETIREMENT OF SHIRLEY BACON

Shirley Bacon retired from teaching at the end of this academic year after 41 years — 23 of them at Cavendish School, 12 as its Head Teacher, and every year marked by her singular dedication to and love of her job. Many hundreds of children have enjoyed her care in that time, and it was no surprise that a large number of them attended a farewell party in her honour in June, with very many more sending their particular best wishes and contributing to some wonderful gifts.

Shirley will be remembered for many things, but especially for her excellent organizing skills. She was ever loving and caring, scrupulously fair, strong when occasion demanded, tireless, and always, always cheerful. She is a gifted professional — winning the Queen’s university prize for the highest marks in

Stephen, Ben and Bryan began in Mrs. Bacon’s class. They graduated this year.

“

Shirley always commanded the utmost respect from parents, staff and pupils. She had a singular dedication to her job. I use the present tense because Shirley is committed to professionalism. She is as keen, caring, punctual, energetic, thorough, fastidious and dedicated to her profession as she was when she first entered teaching 41 years ago in Walsall, England.

”

“

She enjoyed 15 years of friendship and fun at Gilbert whilst building a reputation of being a first class teacher.

”

“

Over half of Shirley’s teaching career has been dedicated to Saltus Cavendish. Mary Hopkins, headmistress in 1975 well remembers the enthusiasm and talent Shirley brought with her to the post of Year one teacher. Saltus was enriched by her teaching skills, her friendly personality, rapport with the children and not least by her musical ability.

”

Shirley became Head Teacher in 1986 and has seen Saltus Cavendish grow from a two stream boys school into a four stream co-educational facility. From a staff of 10 to a staff of 21; through two major phases of construction; through Hurricane Emily; through more "nit" epidemics than anyone cares to remember and from the start of the computer era, when once a week each class had a turn keying the travel directions into a little computerized tank, to the present laptop era.

Throughout her career Shirley has given and demanded the highest and the best no matter what, from herself, her students and her staff.

It is said that to teach is to touch lives forever. On behalf of the parents, your students and colleagues past and present, I thank you for all you have given of yourself that has enriched the lives of so many over the past 41 years.

Thanks to Jennie Beard for these extracts from her wonderful end of term speech.

1997-1998

From left to right Front row: Amanda Cox: B.A. Susana Pimentel: B.S. in Ed., Shirley Bacon: Head teacher, B.A., Cert. Ed., Kathie Kawayley: M.Ed., B.A., B.Ed., Louise Gibbons: B.A., B.Ed. Middle row: Anthony Bascombe: school janitor, Jennie Beard: B.Ed., Tracy Parsons: Classroom Assistant, Liz Counsell: substitute teacher, Susan Furr: Cert. Ed., Sheena Storie: Dip.Ed., Sue Long: B. Music Ed., Amanda Petty: B.A.(Hons) P.G.C.E., Susan Vallis: Dip.Ed., A.C.E., N.F.F.C., Andre Steede: school janitor. Back row: Joy Oatley: B.Ed (Hons), Stephanie Davidge: B.A., B.Ed., Lyn Pantry: B.S. in Ed., Cath Ashworth: substitute teacher, Kay Walker: Deputy Head, B.A., Cert. Ed., Joan Paradine: school secretary. Missing: Bernadine Jennings: Matron, Patricia Dutranoit: B.A., Wendy Railton: B.S. in Ed.

FAREWELL

LOUISE GIBBONS has taught class 2 level for six years at Cavendish and leaves us now to start her own family. We shall all miss her but wish her well.

WELCOME

SHARON SIMMONS will be an additional classroom assistant from April 1998. She was a very valued Bermudian employee at 'Small World' Nursery School for ten years. She will take on the duties of the previous matron as well as assisting the teachers in the classrooms.

PATRICE SCOTLAND: M.S. (early childhood education) B.S. (early childhood education) will teach class 1S. She is a Bermudian and has taught in a Boston school.

WELCOME

HEIDI ROBERTS: B.A. (Ed) Hons. Primary, will teach class 2R. She is a Bermudian and has taught at an infants school in England.

TRACY PARSONS has been a classroom assistant here since September 1997. Her help has been invaluable in a variety of ways.

Bernadine Jennings
Matron 1978-1998
Saltus Cavendish Preparatory School

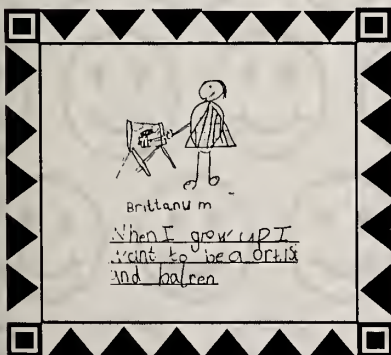

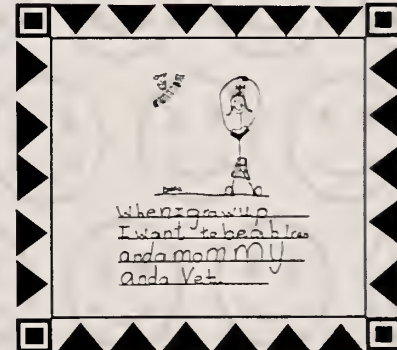

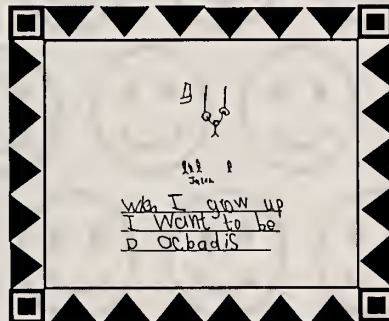

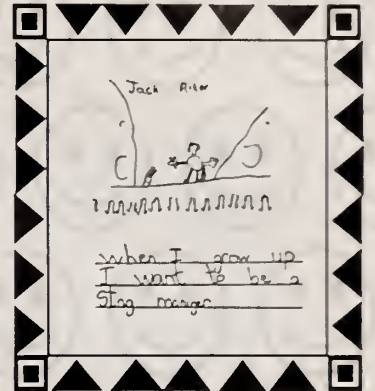

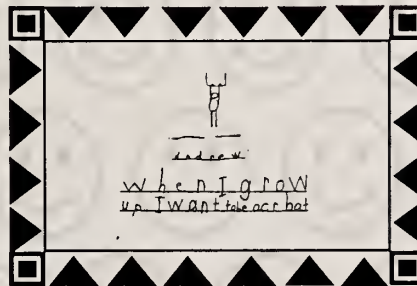

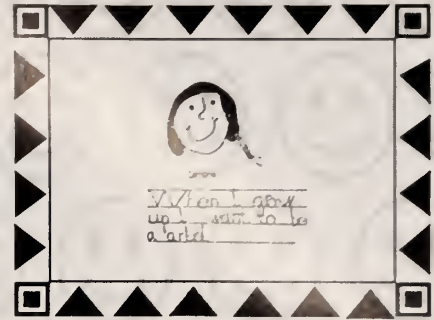

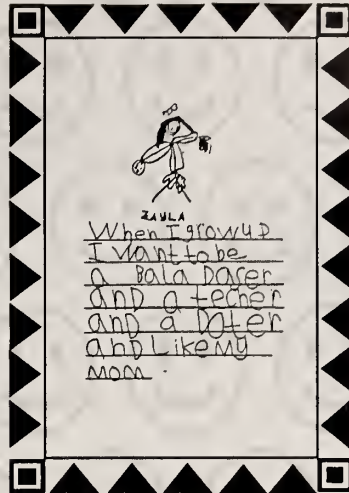

Dear friend and colleague, Bernadine Jennings (known exclusively as 'Matron' by her co-workers, the Saltus Cavendish children and parents) had those special qualities which enabled her to cope with not only the arduous daily task of caring for the needs of 250 small children, but with any emergency in a calm, competent manner.

Bleeding noses, broken arms, flooded corridors etc. did not phase Matron. She could handle them all! She had no non-sense, but was *always* fair. She watched out for the children with special needs, the asthmatic, the Jewish, those who wouldn't eat, the shy, the naughty-all received her kindly attention and benefited. Her sense of humour was well-known! Combined with a creative streak she had us all laughing at Halloween (remember the Cat in the Hat? rolling (the giant concrete egg).

She was such a hardworking, dedicated staff member who never complained when her work load increased or when she was not feeling well. One of the six-year old boys in P2 said it the best-'There'll never be another Matron like her.'

JUNIOR SCHOOL HIGHLIGHTS

SALTUS JUNIOR SCHOOL STAFF 1998 Left to Right-Mark Beasley, Carolyn Conway, Martin Allen, Mary Hopkins, Susan Hall, Rosemary Doughty, Susan Chlebek, Kay Latter, Tyler Hall, Peter LePage, Esther Johnson, Renee Lambert, Robin Siggins, Christine Chiappa, Melinda Frith, Donna Mae Fletcher, Frank Allan, Christine DeSilva.

FRENCH TRIP MEMORIES 1998

On the french trip I liked going to the steakhouse! Cameron Rowling

My favourite memory of the french trip was the roller coaster, the mall, and the beautiful scenery in Quebec City. Gregory Rose

My favourite memory was the last day when our flight was cancelled and we stayed another night at a hotel in Montreal for free. We got food vouchers and at the airport the man from US Air let us put ourselves together on the plane, using his reservations computer. Andrew Elton

I liked the ice skating and the mall, but the best thing were the bumper cars and the roller coaster. It was also great when we got stranded in Montreal for another day. Karen Robinson

Quebec City is a beautiful city. The hotels were lovely and warm and the buildings were lit up like fireflies. Jonathan Flood

My favourite memory was going to the mall and riding on the roller coaster. I also enjoyed riding on the bumper cars and buying my new watch and the 3 hour train ride to Quebec City. Kallie Marcus

My favourite memory was the roller coaster and the bumper cars. I liked playing in the snow. The mall was wicked too!!!! I also remember taking pictures of Mrs. Siggins and Mrs. DeSilva sleeping on the train. Raquel Liverpool

I liked Quebec City the best. It was beautiful!!! Ian Watkinson

My favourite thing about the French trip was when we all go to go to this special mall that had a roller coaster, an ice rink, bumper cars, and lots of stores. I liked the hotel rooms and restaurants too. Jessica Moulder

I remember when I went ice skating for the first time in Quebec City. Edward Rance

J4 Impressions

I was surprised by the length of the field.
I love the reading period mostly.
Thomas Caulfield

I was surprised by all the computers and
teams they have here, but I love them all.
I was also surprised by all the badges they
give out.
Andrew Rothwell

I like the 4's because we got to have
computers. We also get hot lunch which is
yummy.
Thomas O'Neill

I like the Junior School because there is a
pool. It has a huge field, we learn good
subjects, there are bake sales every week and
there are clubs.
Venessa Chomette

I enjoy all the different things in History like
Egypt, Vikings and Castles. I enjoy the house
events like cross country, sports day, general
knowledge and spelling competitions.
Conor Doyle

Art is when you get messy!
Jaime Baker

The best thing this year was the Summer
Concert.
Winston Godwin

In the Junior School it is more mature.
The hot lunches are good because we get a
break from sandwiches. Sports day was great.
I won lots of ribbons.
Brad Mitchel

We have fun on the field because we have
lots of friends to play with.
Tom Fletcher

My favorite things about the Junior School
are: I like the really big field, I like the really
big field, I like bake sales every week on
Wednesday and the teachers are nice here.
You order hot lunches every term. My
favorite periods are: computers, art, history
and geography.
Samantha Talbot

One thing I like about the Junior School is
Math. The other thing is playing in the gym.
Joshua Crockwell

Math is my best subject because you get to
play games.
Carlie Peniston

We get different teachers for different lessons.
I think it is good to get to know the teachers.
Matthew Ebbs

The two things I like best about the Junior
School are my teacher and bake sales every
Wednesday.
Alison Holmes

What I like about the Junior School is that we
have a nice teacher and we do fun things.
Alistair Melvin

In Science you get a cool gas burner.
Zachary Mitchell

Sound Advice from J4R
Beware of the Misconduct Book.
Watch out for the Detention Book.
Keep your socks up at all times.
The field is divided in half. There is the Senior
field and the Junior field. Only go on the
Junior field.
Learn to control yourself.
Do you best.

J5 Writing

My happiest memory was when ...

We went to the movies and NASA beach and
having great friends.

Amy Smith

We got a talking globe with our bake sale
money.

Cameron Madeiros

Gary used to make Brian laugh!

Ashton Fox

We didn't have homework!

Andrew Stout

I made friends with Andrew because he's
funny, friendly and helpful.

Nathan Terra

I found I have grown an inch since April.

Jonathan Bath

SPIRIT OF THE SEA SHELL

The smooth smelling pool is turning
twisting round inside you
here and sense crystal pearls and
pebbles, rolling down the shore
the moonlight beach haunting you
as the conch shell enchants you
close to your ear, almost too close
beautiful the colour of a bruise
you are afraid
but cannot take away
the haunting shell
you sense whispers drawing you
to the seaside almost hearing the gulls
from the sea the wind and the waves
crashing on the rocks goose bumps go
up and down your spine
you loose the conch from your ear and
you are safe from the spirit of the

seashell.

Rosie Hall

Who Are You

I am the mist, the sun and the clouds
I am the wind, rain and snow
I am dreams of screams and things
I am a cherry in bushes of ivy
I am the mind of wondering things
I am trapped in a dark shadow forever
I am the face of a dreamer
I am a road of ivy and shadows
My name is Jill of Will forever more.
Christopher Parker

Colours of the World

Black is the colour of night creeping by
Blue is the colour of the daylight sky
Magenta and orange are the colours of the
sun setting at dusk
Yellow is the colour of the sun shining
brightly above us all day long
White is the colour of freshly fallen snow
blanketing the ground beneath us
Violet is the colour of morning glories
creeping up fences
Red is the colour of the cardinal flying high
above us
Brown is the colour of a chestnut mare
prancing in the hot summer sun.
Geoffrey Holmes

Red

Red is the colour of
a rose which sways and blows in the wind
an apple with a tiny juicy worm within sahara
desert sand which blows in a storm
a fire which is cozy and warm
wine which comes from an old grape vine
blood which throughout the body does flow
the devil who lives in the hot lower level
Red is everywhere its even in people's hair!!!
Oliver Kempe

JUNIOR MUSIC REPORT

The music floats and rises. It sings and dances from violas, violins, cellos, clarinets, trumpets ... It is 7:30pm on Thursday, May 28th and scores of musicians have joined together to turn black notes on white pages into melody and harmony. Am I writing about the massed forces of the mighty Berlin Philharmonic? I could be-such was my pride and delight in Saltus Junior School students at our Summer Concert! Their work was to play-beautifully. In all, over 120 voices and instrumentalists played their joyful part. The evening was an overwhelming success and a true reflection of the high standard of performance the students have achieved this year.

But I am racing through the calendar. We ushered the Christmas term out with the exciting production of Ali Baba, with again in excess of 100 students taking part. This was terrific fun to put together and the performances won the students justifiable acclaim. Even Mrs. Lightbourne was caught singing "The Pizza Song" as she served the hot lunches!

On Dec. 16th the choir serenaded shoppers in Trimingham with a selection of Christmas Carols. We were made most welcome. Only in Bermuda could we be singing "In the Bleak Mid-Winter" and simultaneously see children close to fainting from over-heating!

The J7's honoured Vivaldi in a musical pastiche, Venice, Vivaldi and Violins, whilst the J5's made the acquaintance of Johann Sebastian Bach in "Bach to the Future." These were very well received by our audiences, as the students realistically depicted the life and times of these giants of the musical world.

In the Easter term we welcomed student teacher, Mandy Oatley to the school. She brought a cheery enthusiasm to classroom music and extra-curricular sessions alike and we loved having her with us. We say "au revoir" to Mandy as she leaves for UK to continue her studies.

I have spent four happy years at Saltus. Musically, the students have taken giant steps, greatly enabled by an incredibly warm and willing staff-body, who have been supportive of all my ventures. Staff, parents and especially students, I thank you all for making my time at Saltus rewarding and memorable. In the words of the great bard himself, "If music be the food of love, play on!"

J6 Thoughts

WAR

War is sad, depressing and hopeless
People dying and children crying,
Everything is so terrible.

Why was it then,
Such a war with bombs and weapons,
That were life threatening

Killing, sadness
People suffering,
Children starving,
Families homeless,
Relatives captured, taken away,
Never seen again,
All you need is,
HOPE
Stacey Smith

Feeling the apprehension
Fear and tension
Death, despair, destruction
Loud thunderous eruptions
Family separation
Terrible starvation
Fear, suffering, worry
People getting out in a hurry

Total blackout
Bombs firing about
Houses getting burned
People concerned
Will this ever end?
What's in store around the bend?
Tiffany Allwood

Death comes around windows
Death comes through the doors
It smashes windows
It breaks up lives
It is a terror coming down from the skies.
Children around you are crying in the streets
The air raid above you is coming in fleets
The houses are burning down to the ground
As you hear the alarm siren sound.
You dig a shelter right by your house
Only six by eight, not enough for a mouse
All around are cries of fear
Beware people, because war is here.
Andrew Gibbons

I'll Be Gone Till Spring
Every time I fly away everyone cries
But I sing
I'll be gone till Spring
I'll be gone till Spring

But I'll need some feeding
I'll be flying till Spring
I'll be flying till Spring

And I sing
January, February, March, April, May
I'll be back some day
If I don't lose my way
When Autumn is here
I will disappear
I will not appear
But I'll be gone till Spring
I'll be gone till Spring
And family I will bring.
Blaine Outerbridge

A Nice Juicy Apple
I'm an apple he's an apple,
And we're hanging alone in a tree.
We look around and what do we see?
We see someone coming to eat me!

He sticks out his hand and pulls me down.
On his face is a frown.
He opens his mouth, oh so wide,
Rows of teeth are there inside.

He takes a huge bite-
What a fright!
But that didn't hurt at all,
Only now I'm rather small!
Mathew English

My Apple
Crunchy as the crunch of a cracker,
Moist as the moistness of a damp cloth,
Red as the roses on a blooming bush,
Juicy as the taste of passion fruit,
Delicious as the sweetest mango,
Appetizing as a creamy dessert,
Round as a basketball,
Scrumptious as fettuccine,
Hard as a cricket ball,
But yet at the end there is nothing left to say
Because you are not left with anything!

My favourite part of the ski trip was when I played an April Fool's trick on Mrs. Chlebek. I told her that my hand was stuck in the vending machine. A. Barker
 My best memory was ice skating because it was my first time. I didn't even deck at all! C. Plathe
 My favourite part of the ski trip was snowball fights at Fort Frog. A. Cart

I liked being with my friends in Aspen. My favourite memory was when we were going down a tree trail when I went flying off the trail going really fast. When I got back on the trail, I cut Logan off and he went flying into a tree. D. Ezekiel

I liked the activities and the room. The ski instructor, Big Andy, is the best. I also liked shopping. D. Simons
 My favourite memory was the skiing through all of the tree trails. C. Chapman

Cool Dudes!

ASPEN

The Mountain

98

Relaxing before a meal

My favourite part of the ski trip was being allowed to ski in snowboard park and going to other mountains. I also liked our hotel and instructor. I also enjoyed ice skating at the rink in town. Overall, I had a good time. N. Boorman

The best part of the ski trip was when I went down on moguls and black diamonds. A. Conyers

As the only girl in a class of seven boys, my week in Aspen was scary, challenging and exciting. The Saltus boys were speed demons but I tried my best (with the assistance of Big Andy, our ski instructor) to keep up with them and survive the terror of "Death Wall" and "Mr. Bill," two of the black diamond runs. T. Allwood

What I liked most was that I got to see snow. I liked the hotel and some of the breakfasts. I liked the bunny slopes better than Aspen Mountain. I liked swimming and most of all, shopping! R. Burns

Snow Bunnies!

Look out for that tree...

Rhys falls again

More snow

The best time on the ski trip was when I went down black diamonds and moguls. A. Bertrand

What I remember most about the ski trip is trying to do a front flip. It was by mistake but I was not successful. C. Down

My favorite part of the ski trip was when we went on the gondola and seeing the view. I liked skating and skiing. M. Herring

The best part for me was the thrill of whizzing downhill, the snowball fights and the food! R. Hillen

My favorite part was riding on the plane, and sharing a room with friends. I liked skating at the rink, having fun and skiing! R. Faries

I liked the ice skating the best! A. Kett

I'll never forget ramming those bleachers. Ow! My instructor was Andy. I had a great time. A. Robinson

My favorite part of the ski trip was probably the tree trails. The best part was when I pushed Rachel and she went flying into a tree! J. King

My favorite memory of the ski trip was when I decked head first! I have never skied before and falling was kind of exciting. I think that skiing was the best sport I've ever done next to baseball! J. Terceira

My favorite memories of the ski trip are going down Snowmass Mountain, going to Snowboard Park and going down a mogul course at top speed with a clear run to the lunch hut! We went down the mountain one more time. It was a race to the bus stop. I started out last, pulled into first, then second and then decked. At the bus stop, we had a snowball fight and then went home.

KNOWLEDGE IS POWER

FRANCIS **BACON**

SALTUS JUNIOR SCHOOL SPORTS REPORT.

1997-98.

Saltus Junior School has had another full year on the sporting front. Our Inter-house competitions went on as usual while in Inter-School Sports we tried to work through the confusion of our J-7 students no longer being included in Primary school sports. With the introduction of the Middle Schools, our J-7's had to compete in the Middle school sports in the new under 12 age group.

We had to be in close contact with the senior school PE teachers to make sure that we were not leaving anyone out as some senior 1 students are still in that under 12 age group. A special thank you must go to Chris Smith in the senior school who took charge of our J7 soccer and cricket teams this year. Unfortunately he will not be here next year and so alternative arrangements will have to be made.

INTER-SCHOOL RESULTS.

SWIMMING.

We welcomed some talented J4 swimmers to add to an already strong team. In the Inter-School individual meet top performances were recorded by Richard Collis, Austin Kenny and newcomer Matthew Jones as we dominated all events in the boys under 10 age group. Every member of our team took home at least one ribbon.

In the primary relay meet our girls placed second behind BHS. Our boys were first and combined results placed us first overall, many thanks to all the Saltus parents who volunteered as officials at these meets.

The Middle School swim meet saw both the boys and girls teams placed first overall.

SOCCER.

The soccer squad started the season well with a fine showing in the six aside competition. After winning the zone the 'A' team went to the finals at Shelly Bay where they put in a creditable performance with a two win two loss record finishing in third place overall. The league season was short due to the unavailability of opposition. The team was captained by David Campbell (the keeper) and finished second in the league behind a strong West Pembroke School squad. Top goal scorer was Michael Shrubbs.

The under 12 Soccer team suffered a sound loss to Warwick Academy in their first game but despite this they were determined to improve. They won only one game but scores in all remaining games were close. Mr. Smith commended the whole team on their enthusiasm and diligence and made special mention of Logan Alexander, Steven Husbands and Daniel Black.

CROSS COUNTRY.

This year we had excellent cross country results. Our over ten

boys placed first overall. This team consisted of Hussayn Brown, Karl Schmitz, Christopher Down, Graham Counsell, Justin Parsons, Michael Shrubbs, Richard Collis, Adam Berggren and Cameron Cooper. The under ten boys placed third overall and the under 10 girls 7th overall. In the under 10 girls top individual performances came from Ashley Brooks 3rd, Natasha Kent 13th, and Vanessa Kent 19th. In the over 10s Tiffany Allwood was 4th and Karl Schmitz was 9th.

In the Middle School cross country our under 12 girls tied for second with BHS. Chloe Kempe was 4th, Mandy Oliver 9th and Lucy Hollis 10th. Our boys placed 5th overall with Adam Petty placing 8th.

TAG RUGBY.

Mr. Hall took a team to the Inter-School tag Rugby in February winning two and losing two games. They placed 6th overall out of 13 teams.

GYMNASTICS.

Skills testing was carried out again this year with a number of gymnasts working toward achieving one of six levels. We had 24 gymnasts who passed a level test between 1 and 5.

At the Inter-School gymnastics competition Saltus placed third overall. Cetera DeSilva placed first on the vault, Vanessa Kent was 4th on floor and 5th overall.

TRACK AND FIELD.

A group of 34 students took part in the track and field zones held at the end of April. 8 student qualified for the finals in 14 different events. Results from the finals were:

Ashley Brooks 2nd in 1500 meters, 3rd in 400 meters, 4th in 800 meters, 5th in cricket ball throw. Laura Robinson was 4th in cricket ball throw. Keishae Robinson was 3rd in 400 meters, 4th in 800 meters and 6th in 100 meters. Hussayn Brown was 5th in long jump and 400 meters. Norris Wilkinson placed 8th in 200 meters. Justin Parsons was third in cricket ball throw. Jesse Kirkland was 8th in the 800 meters. Mirinda Witt was 8th in high jump.

In Middle School track and field Chelsea Burns placed 4th in high jump. Chloe was 2nd in 1500 meters and 6th in 800 meters. Mandy Oliver was 6th in 1500 meters and 5th in 800 meters. Nicholas Boorman was 6th in the 1500 meters.

CRICKET.

Due to time constraints and conflicts with other activities the team only played two games. After a resounding defeat at the hands of West Pembroke in the opening game the team again captained by David Campbell bounced back with an exciting victory over Victor Scott School. In this game Chris Down achieved a hat-trick of wickets to win a close game by six runs.

Only 2 games were played by the under 12 cricket team due to Senior School commitments by Mr. Smith and conflicting events at that time of year. They were defeated in both of these games. Mr. Smith said that they bowled and fielded well but that they had not had enough batting practice. He noted that Robert Tucker and Adam Petty stood out as talented cricket players.

INTER-HOUSE COMPETITIONS

Students competed in many Inter-House sporting events throughout the year

Sports	1st	2nd	3rd	4th
Swimming	B	S	D	W
Soccer	B	S	D	W
Cross-Country	B	S	D	W
Basketball	B	S	D&W	
Track & Field	S	B	W	D
Softball	B	D	W	S
Cricket	S	D	B	W

Butterfield was dominant in most of the sports with the other houses seeming to be fairly consistent in their placing.

INDIVIDUAL AWARDS.

Swimming: Champion Boy-Steven Kenny.
Champion Girl-Clemmie Stubbs.

X-Country:

- J4 Champions-Andrew Hook and Vanessa Kent.
- J5 Champions-Jesse Kirkland and Ashley Brooks.
- J6 Champions-Husayn Brown and Tiffany Allwood.
- J7 Champions-Robert Tucker and Chloe Kempe.

SPORTS DAY.

- Victor Ludorum Champions.
 - Junior Boy-Norris Wilkinson and Davis Small.
 - Junior Girl-Ashley Brooks.
 - Senior Boy-Karl Schmitz.
 - Senior Girl-Chelsea Burns.
- END OF YEAR SPORTS AWARDS-PRIZE GIVING.
- Junior Girl-Ashley Brooks.
 - Junior Boy-Matthew Jones.
 - Senior Girl-Chelsea Burns.
 - Senior Boy-Logan Alexander.

Many students compete successfully in sports outside of school. Alexandra Froncioni has participated in several overseas gymnastics competitions during the year. Mark Watson continues to excel in Karate. Many of our students are involved in triathlon and cycling, Adam Petty, Matthew Herrig, James Adams, Matthew Jones, Chlesea Burns, Chloe Kempe, & Raishun Burch, only to mention a few.

Several students are involved in equestrian events and others in squash and tennis. Well done to all those students.

Also congratulations to all the students who have represented Saltus in any sporting competitions whether they were inter-school or inter-house.

SUCCESS IN THE COMMUNITY.
FIRST PRIZE IN THE
AGRICULTURAL SHOW. CANS OF
FOOD FOR THE SALVATION
ARMY

**Deloitte &
Touche**

Our Business Means Business For Bermuda.

Everyone in Bermuda is well aware of the importance of the international business sector to the well-being of our island.

Our Firms help the local economy by serving client interests worldwide, providing Audit, Accounting, Management and a range of Consulting services.

We need the best available local talent to fill a variety of positions. We interview and select from local high school and college graduates in order to offer scholarships.

Then we enable our students to gain valuable training and hands-on experience with our team here in Bermuda, as well as our worldwide organization. In this way, local students with the ability and desire to get ahead can step up onto the "ladder of success".

For further information about Deloitte & Touche, call Bill Jack or David Mutch at 292-1500.

SPECIAL THANKS

Class Mother Co-Ordinator

Tina Bernius

Assistant

Brenda Harrison

Class Mothers

Sally Fletcher, Ana Walker, Petra Spangenberg, Jennifer Brining, Dona Lindo, Lisa Dolan, Nancy Outerbridge, Wendy Trimminghaam, Sue Humphreys, Susan Clark, Liz Lee, Jean Ferrett, Linda Neal, GERALYN Counsell, Joan Cabral, Charlotte Beech, Joy Nash, Sheila Herring, Judith Whayman, Fiona Chapman.

We would also like to thank the many other parents who have helped throughout the year with Library Duty, Field Supervision and those who have organized a Club Activity.

Peter Le Page the Junior School Yearbook Co-ordinator would also like to thank the teachers who have contributed to this section, especially Mr. M. Beasley and Mrs. L. Williams for their photographic talents.

FINAL PAGE

ALTERNATIVE STAFF PICTURE

LEAVERS

Mrs. Susan Hall

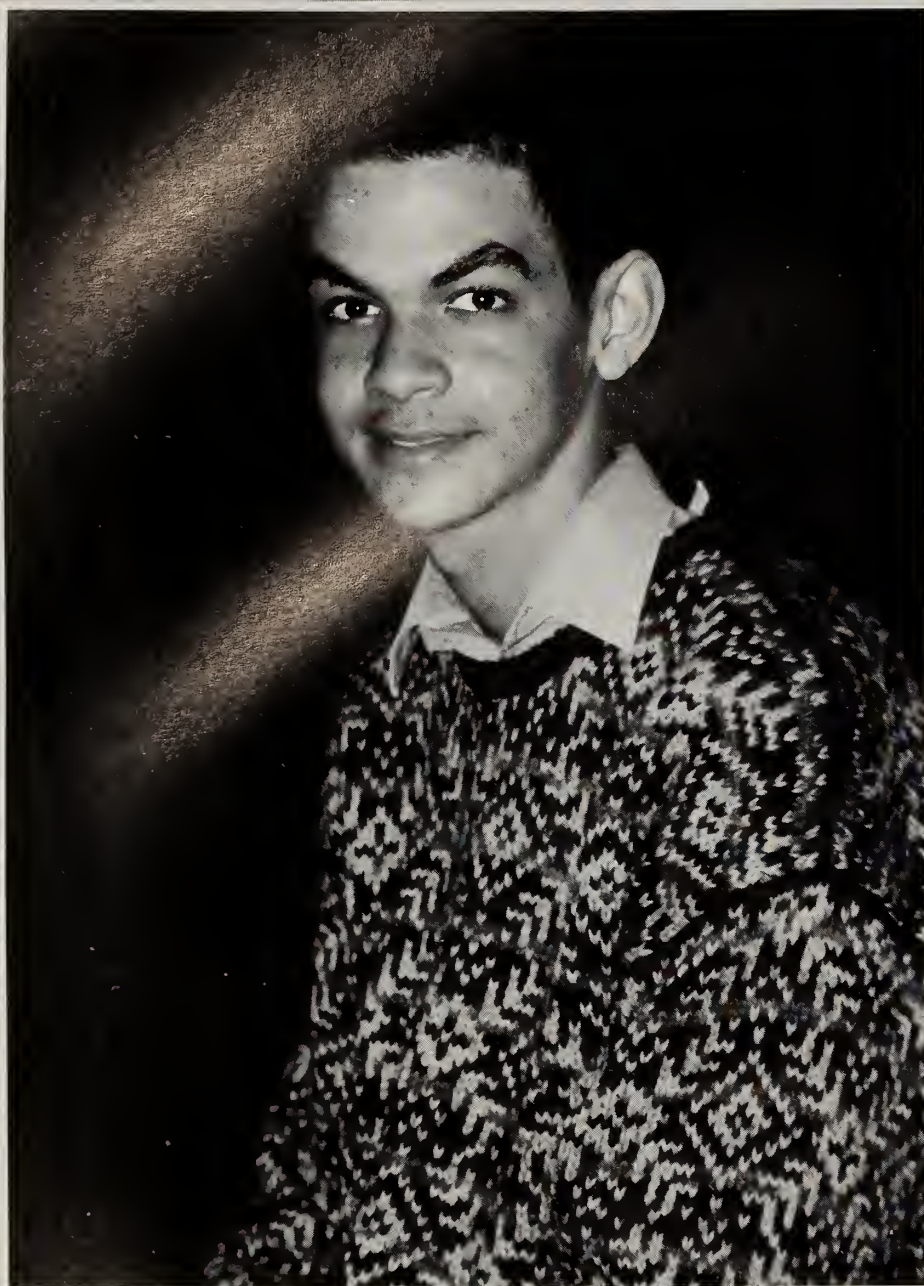

Mrs. Susan Hall leaves us after several years at the Junior school as Head of Music. During this time the music has gone from strength to strength. Sue built up the orchestra to over 50 string players, initiated several recorder groups and at the final concert had an admirable choir as well. Through the support of parents and Mrs. Hall's infectious enthusiasm, we have raised funds that have enabled the school to purchase a number of instruments. Mrs. Hall has been involved with the various very successful productions, which have always been outstanding. We wish her every happiness and success in the future.

Mrs. Melinda Frith

It is always sad to say goodbye to people you have worked with closely for a long time. Melinda Frith, the Junior School secretary, is leaving the Junior School but we are happy to say not Saltus Grammar School. Melinda has been at the Junior School for eight years during which time she has loyally served two Headteachers. It is going to be extremely difficult to replace someone who knows something about everything in the office and the school and can usually fix it too. Her promotion to work with the technical team on the new computers is one we know she is excited about and we wish her well in the future.

GIVE US A
BREAK!

Our son Ewan was born on September 27, 1980. A lively happy child, his preferred toys were his father's plumbing fittings and electrical parts and hosepipes, preferably connected to a water supply! As he grew older not a single appliance in the house was safe from his desire to find out how it worked. At his nursery school, Woodmont, a lock had to be attached to the pump room after Ewan was found 'investigating' the pump. One memorable winter visiting his grandparents in England, he 'adjusted' a valve on the central heating and froze everyone for a day until the engineers could be called out. After that the family coined a phrase. When anything went wrong, it had been 'Ewanised'.

He entered Saltus in 1985 and was soon known as one who 'marched to his own drum beat'. As soon as he could read, he started to acquire his father's library of electrical textbooks which he would pore over for hours, together with an old copy of the divers manual.

His lifetime love of computers began with an old Commodore computer. With his two middle fingers in his mouth he would tap away happily for hours. In Primary Seven at Saltus Junior School he wore down the resistance of Mrs. Hall the teacher in charge of the computer room until she gave in and made him a computer monitor, and from then on the computer room became his second home. He left the junior school as an honours student and winner of the Carey Madderden cup for most improved student, an award which was voted him by the entire junior school staff. During his junior school years, he participated in the Agricultural show and won the Glenn Roberts trophy for best in show amongst all Vivariums, by a junior, for two years running.

He entered the Senior School in 1992 and appeared at the car one afternoon, beaming from ear to ear and clutching a trumpet. He had enrolled himself in trumpet class! He made excellent progress and sat and passed Grade Three practical of the Royal School of Music, with merit, in the April of that year. He joined the school band and through the following years progressed as far as Grade Five. He was to go on a trip with the band to Montreal, this week.

His love of computers continued to blossom. We bought him a Macintosh LCIII and he became a frequent visitor at M.C.S. where he eventually persuaded Mr. Robert Burns to employ him in the showroom. Ewan always considered Mr. Burns to be his mentor, and the encouragement he gave Ewan from

then on, has been immeasurable.

When Busycomm took over the Apple franchise, he worked there each Saturday representing the computer sales, and learning everything he could from the technicians. When the store closed he began an association with Complete Office, who passed on a great deal of work to him and by his fifteenth year he had a flourishing business going, and our home phone never stopped ringing. Holiday work included working at Centre Reinsurance, Kast Associates and Griffiths and Wanklin, and we would like to thank all those companies for giving him the chance to grow, and encouraging him.

Computers, however, were not his only interest, in his fourteenth year he became a Candystriper at King Edward Memorial Hospital and over the next three years he was to put in over six hundred hours of service. Under the guidance of Evelyn Latham, the supervisor at that time, his social skills flourished and he grew to love and to look forward to his time spent at the hospital. In June of last year, he was awarded one of the Candystriper Scholarships for his final year at Saltus.

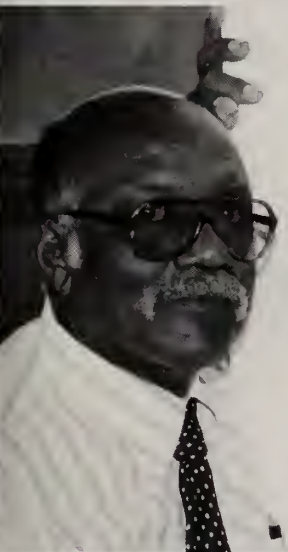

He continued to do well at school, at the end of the fourth year, won prizes in technology and physics. His greatest wish was to study computer technology, and to this end he applied to several universities in Canada and had currently been accepted by McGill and University of New Brunswick. He was involved in several of the dramatic productions at school, notably on the technical side, and had helped run dances at the junior school.

On the home front he grew into a son to be proud of. He inherited his mother's love of animals, and was often to be found together with his cat Missie, curled up on his bed. He had such a loving heart, always willing to extend help to both family and friends. He constantly lectured his grandpa Clifford on diet, and called his homemade hot sauce, 'Grandpa's toxic waste'. Those who participated closely in his life will remember with affection his little quirks; brothers, Tyrone and Gregory; grandparents, Ruby, Clifford, Jess and Betty; Aunt Jane and special cousins Ben Louise and Amber; godparents Lovintz and Nelda Cann, Thomas Stowe and wife Eleanor, and Colette Thatcher and husband Bill; and special family friends Justine and Marie Rego, Mark and Michelle, the entire Beasley family, Lorraine, Mark, Adrian, Ben and Rachel whose home became his second home, the Winfield family, Lynn, Alex, Ben and Kelly and special school friends, Ben Beasley, Kavan Tucker, Daniel Miller, Scott Leitch, Fiona Herring, Jahnika Simons and Graeme Henderson.

Finally, we, his parents, Tyrone and Penny; what can one say about the child of your heart? Only that we have so much to celebrate; that we told him every day how much we loved him and how much he meant to us; that he left that last time, ironically to help someone with a computer, without a cross word and in full knowledge that he was loved totally, and that we were so proud of him!

To You, Ewan our Beloved Son We have not lost You, You are in Our Hearts Forever!

Penny and Tyrone Sampson. April 1998

YOU HAVE THE POWER TO MAKE A DIFFERENCE!

Lifestyle choices we make today are shaping Bermuda tomorrow.
Each day provides an opportunity to be better than the day before.

It may take determination...

the courage to be different ...

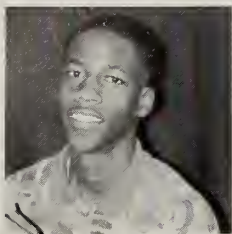

a willingness to accept and respect ...

and, caring enough to do more than your part.

There is no energy greater than the human spirit.
You have the power to make a difference, use your energy wisely.

Inter House Swimming

THE SALTUS SPORTS TEAMS COMBINED.

INCLUDING SOCCER, BASKETBALL, VOLLEYBALL,
SOFTBALL, CROSS COUNTRY, SWIMMING, NETBALL,
CRICKET, TRACK AND FIELD AND HOCKEY.

SPORTS REPORT 1997/98

The introduction of middle schools and of one large High School into Bermuda's government school system obviously impacted upon our sports programme. The range of fixtures we were used to at the High School level dropped dramatically. In some cases some inter-school sports were not even played.

However, the signs are that things are going to get better and better in this respect, and we can look forward to a different, and busy schedule in future years. We would though be failing if we did not look beyond our shores for competition. I feel that if we are to grow as a school, with regard to sports, then we must look to play more overseas competition. This can only be good for our students.

To this end, our 1st XI soccer team, and our girls hockey teams both toured overseas. Incoming tours hosted by Saltus gave extra fixtures to our under-14 boys in soccer, cricket and track. Our senior girls met incoming teams in hockey and netball. That we were able to be competitive and successful against such opposition can only point to the hard work put in by students and coaches.

We most certainly have the widest and most successful sports programme in Bermuda. We constantly and consistently have students competing at inter-school school, and intra-school.

Proudly sponsored by STANDARD HARDWARE

SOCCKER

We had teams for under-14, under-15, 1st XI and Girls; all of which trained regularly and were successful. We also had inter-house competition, and intramural competition.

The under 14s coached by Mr. Kelson, enjoyed a successful season winning 5 and losing 2. There are a number of very promising players on this team, and we have high hopes for them. They played well against visiting Birchfield from the UK, beating them 2-1.

The under-15s fell victim to the new system. Although they trained regularly under coach Mr. Timothy, they were short on opposition. Winning one, drawing one and losing two.

The girls team, coached by Mr. Furbert, came mainly from the lower end of the school, but they gave little up to their larger opponents. They won three and lost two.

The 1st XI trained hard from the first day of school, under coach Mr. Beard. Against local opposition we won 3, drew 1 and lost two. We narrowly lost the schools cup final, this being our third final in three years.

On tour to Toronto we played against private and public school, winning one, losing one and drawing two. The draw against private schools league champions UCS was among our best performances of the season. The Paul Handsley Memorial Trophy for the MVP was awarded to team captain Stephen Troake.

BASKETBALL

The junior girl's team played extremely well. However, they often left victory to the final seconds leaving many concerned that their coach, Mrs. White may have her job sooner than anticipated.

The under 14 boys coached by Mr. Burt, look to be a promising outfit; whilst the *under-15 boys* coached by Mr. Spencer dominated their competition. They won their league, were second in the BBA tournament, and won the BSSF tournament.

The senior girls, coached by Mr. Spencer, although missing out on the silverware are to be congratulated for a fine season's work.

The senior boy's had another excellent season in which we finished 2nd in the league, and runners-up in both the BBA and the BSSF tournaments. The Hamill Cup for the MVP was awarded to Keith Caines.

Mr. Trott, who was assisted this year by a member of the alumni, Mr. Josh Nisbett, once again coached the team.

VOLLEYBALL

The hard work of all concerned paid off as we dominated the schools competition.

The under-14 girls won their league and tournament.

The under-14 boys won their league.

The under-15 girls and the under-15 boys won their tournament.

The senior girls finished in 3rd place overall; whilst the senior boys again won the league.

An amazing haul and a credit to coaches: Mrs. White, Ms. Dragon and Mrs. Cummings.

NETBALL

Ms. Chichon's and Ms. Chetkowski's enthusiasm encouraged girls to come out to practice, and things look promising for the future. In the schools tournament the seniors finished 4th and the Juniors 5th. We put up a very good showing against visiting Minster School from the UK, narrowly losing to a team that finished their tour undefeated.

HOUSE RESULTS:-

Rugby	Under 13	Under 15	Senior
Cross country	Saltus	Darrell	Darrell
Basketball boys		Darrell	Butterfield
Basketball girls			Saltus
Hockey		Darrell	Watlington
Soccer	Watlington	Saltus	Saltus
Cricket			
Volleyball-boys		Darrell	Watlington
Volleyball girls			
Swimming			Darrell
Sports Day			Saltus
Softball-Girls			Darrell

CROSS COUNTRY

The inter-house competition was won by Butterfield with Darrell in second place. We went on to dominate the inter-school competition. We won *the high school boys and girls meet*, won *the middle schools boys' competition* and were *runners-up in the middle school girls*.

RUGBY

We are the only school on the island still playing rugby. It is enjoyed by many of our boys, and we now make up most of the players for Bermuda's youth team, and our alumni are strongly in evidence in the senior national team.

Our inter-house competition was again a great success with Darrell winning the inter and senior sections, whilst Saltus won the Junior.

SOFTBALL

Our teams did extremely well in the inter-school tournaments. Our Junior girls were runners-up to the Berkeley. Our Junior boys and our Senior boys went a step further as they won their tournaments, beating Berkeley in both finals.

We thank our coaches: Ms. Campbell and Mrs. Terceira

***Congratulations to the Grads of '98
Good luck on your future endeavours.***

CRICKET

Finding opposition proved to be very difficult this season! Our under-14's performed admirably against Birchfield, from the UK, carving out an emphatic victory. We then went to defeat Whitney, but lose narrowly to Clearwater.

Our under-15's were able to find one game. This they lost to the Berkeley.

The senior team is certainly one of our strongest for a number of years. They showed just how strong they are with their first win for a number of years over the Old Boys at the Founders Day classic. Adrian McLean won the Barry de Couto trophy for the man-of-the match. He bowled 6 overs gave up 19 runs and took one wicket, and with the bat he led the way with 61 not out. Justin Barritt also enjoyed a good knock as he hammered 46, with four 6's.

Corday	2
Armstrong	8
West	0
Barritt	46
McLean	61 not out
Darrell	8
DeChabert	10
Troake	6
Caines	0 not out
Rego	did not bat
Borland (wk)	did not bat

Bowling	
Corday	2 for 19
West	1 for 30
McLean	19 for 1
Darrell	27 for 1

HOCKEY

The girls enjoyed another excellent season. They again won the senior and under 15 tournaments. Our 1st years finished in 2nd place in the stick-work.

A girls' team went to the UK over Easter and gained some terrific experience, as they played 10 games in as many days. They won six of the games, and show excellent potential for the future. They returned for games against the visiting Minster team, and shared the spoils over two games.

MUSIC AT
SALTUS

1997/98 MUSIC DEPARTMENT REPORT

The first "note" this year is to extend an official welcome to our new brass teacher, Mr. Tim Rhodes. In addition to teaching the range of brass instruments, he has also been very involved with the brass ensemble, Wind Band and Jazz Band. He has a keen interest in sports and has been seen on the field on several occasions.

Mrs. Maule's students were happy to see her return in September. She started the Jazz Band at that time and it has been a huge success. Our new Director of Studies, Mr. Chris Webster, plays guitar in the Jazz Band and percussion in the Wind Band.

The highlight of the school year was our music trip to Montreal in April. We had fundraised, planned and practiced all year for the event. Unfortunately, we left just two days after the tragic accident which claimed the life of Ewan Sampson who had played trumpet in the Wind Band for the past 6 years. At this time we pay tribute to Ewan and his musical contribution to Saltus Grammar School.

Here is a record of some of our activities during the past year.

- November -Wind Band and soloists played at Prizegiving
- music staff participated in Saltus Concert Society
- December -all musicians performed at Carols for All
- Choir and Woodwind Ensemble performed at Windsor Place
- Woodwind and Brass Ensembles performed at Trimmingham's
- String Orchestra played at Paget Primary School
- February -many were involved in Bugsy Malone production
- Students attended Flute Master Class
- March -Jazz Band played at grand re-opening ceremonies at Collector's Hill Apothecary
- Gala Instrumental Concert-String Orchestra, Full Orchestra, Jazz Band, Wind Band, Brass Quintet
- April -Jazz Master Class
- trip to Montreal, all groups played in concert at Centennial Regional High School
- May -Jazz Band performed at birthday party for Dan Black
- Brass Quarter performed in concert at Bermuda Cathedral
- Jazz Band performed for tourists at Willowbank
- Inter House Music Competition
- June -Orchestra and Wind Band performed at Founders' Day
- Jazz Band played for Founders' Day Cocktail Party
- Wind Band played at Tree Planting in memory of Ewan Sampson

MONTREAL MADNESS

Friday April 23rd

The Saltus Wind Band, Jazz Band and String Ensemble set off for Montreal for a flying visit as part of a musical exchange programme. The destination was the Centennial Regional High School who had already visited Bermuda earlier in the year. While in Canada the musical students ice skated, watched a ball game and went shopping Oh I nearly forgot-they also played in a sold out musical extravaganza!

Thanks to Kodak Express for all their support.

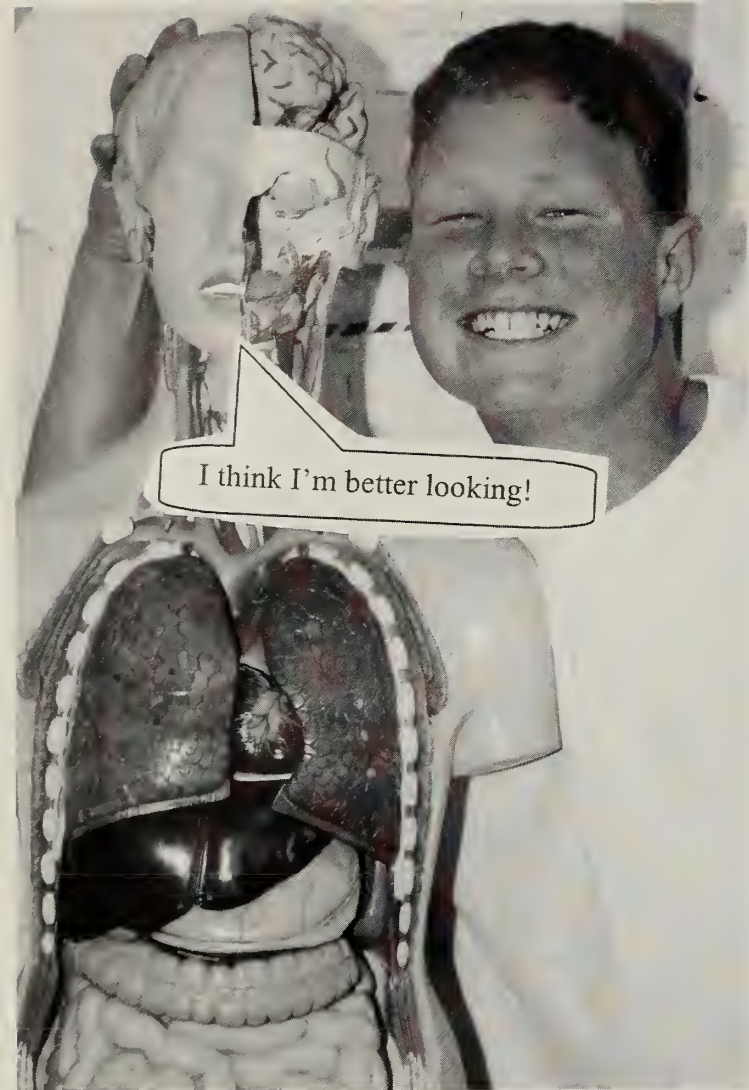

PROJECT RIDE

This programme is now in its second year at Saltus. During this school year, 45 students have taken advantage of the opportunity to learn the rules of the road and safe driving practice before they take their place on Bermuda's roads as licensed drivers. Congratulations to all of those students who have opted to take the safe route.

INTER HOUSE MUSIC COMPETITION

This event took place in the Senior Hall on May 27th. The judges included The Headmaster, Mr. Trevor Rowell, Bandmaster of the Bermuda Regiment, Major Barrett Dill, and Mrs. Sue Long, Music Teacher at Cavendish and the Master of Ceremonies was Mr. Chris Webster, Director of Development. The audience heard Junior (S.1 & S.2) entries from each House in the categories of Brass, Keyboard, Strings, Vocal, Woodwind and Open. The winning House in the Junior Competition was Saltus. Individual first prize was awarded to pianist Kristen Alexander for a superb rendition of Beethoven's Fur Elise and second prize was awarded to Machel Williams for his violin solo. In the Senior Competition (S.3 & S.4), Alexis Williams won first prize for her playing of the second movement of the Haydn Trumpet Concerto and Nick Webster was awarded second prize for his bass guitar solo. The winning House was Darrell. The audience of Senior 1's and 2's was appreciative of the efforts of their peers. Plans are already underway for next year's competition.

Just smile and look like you enjoy science or I'll bang your heads together!

~~INSTRUCTIONS~~
NOT INCLUDED

Well another year has flown by and its out with the old and in with the new. Science students won't know themselves when the 'new look' chemistry and biology laboratories will be in place. No more uncomfortable stools!

We will also welcome the return of Mrs. Dobson (and congratulate her on the birth of Fiona) and to Mr. Shepherd, the new physics teacher. And we say goodbye to Miss Bradburn and Mr. Lock. A big thank you to Miss Bradburn for fitting in so well since Christmas. Mr. Lock is off to Hong Kong to take up a teaching post. In his time he has done much to enhance the profile of physics and we will really miss him both professionally and personally.

C. Doughty
Head of Science.

This has been another busy year for the Duke of Edinburgh's Award Scheme at Saltus. The highlight of the year being the presentation, by the Duke himself of Gold Awards to five Saltus students Ben Beasley, Fiona Herring, Kavan Tucker, Victoria Leite and Emma Holmes.

Other than that large numbers of students have been doing all sorts of service, sport and skills. Expeditions have included camping at White's Island and Darrel's island and sailing at Silver level.

Interschool Debate

With the return of former Saltus debater Graeme Henderson from abroad, this year's senior debate team of Graeme (third speaker), Ian Ostroff Striffler (second speaker) and Trevor Leitch (first speaker) entered the tournament confident in their abilities to bring home the cup, and they did not disappoint. After beating last year's champions, Berkeley, unanimously in the first round, the trio won both of their next two debates against BHS and Warwick Academy, and squared off against MSA in the finals, proposing the motion that "Tradition is holding us back". By a score of four to one, Saltus was declared the winner.

International Debate Report

Following success in the interschool debate tournament, two Saltus debaters-Ian Ostroff Striffler and Trevor Leitch-were selected to represent Bermuda at the World School's Debating championships in Israel this year. Hoping to improve upon last year's 5-3 record (which landed the team ninth, one judge shy of the quarterfinals), the five students-Ian, Trevor, one MSA and two Berkeley debaters-debated topics ranging from world disarmament to the death penalty. As well as the serious debates, all participants were involved in a series of "individual debates"; everyone was paired up with someone from a different team, and took part in a light-hearted argument, with each person being judged individually. As well as seeing a great deal of one of the most topical countries in our world today, Team Bermuda did manage to beat last year's record. Their score ... 6-2, which again placed them ninth, one judge shy of the quarterfinals. Maybe next year ...

Inter-house Debating for Senior 1-4 began once again with every student getting an opportunity to debate during English lessons, and then each class's best team of three competing in the finals. Senior 1 did amazingly well given their lack of experience. Throughout the tournament we saw teams using logic, passion and humour to persuade the judges on topics ranging from computers to crime. The standard of arguing back and forth is getting better all the time. All the debates were closely fought with Watlington proving the eventual winners overall.

CONGRATULATIONS TO ALL
STUDENTS FOR THEIR FINE
ACADEMIC PERFORMANCE
DURING THE SCHOOL YEAR.

MR. FERNANCE PERRY
PRESIDENT
MAYFAIR LIMITED

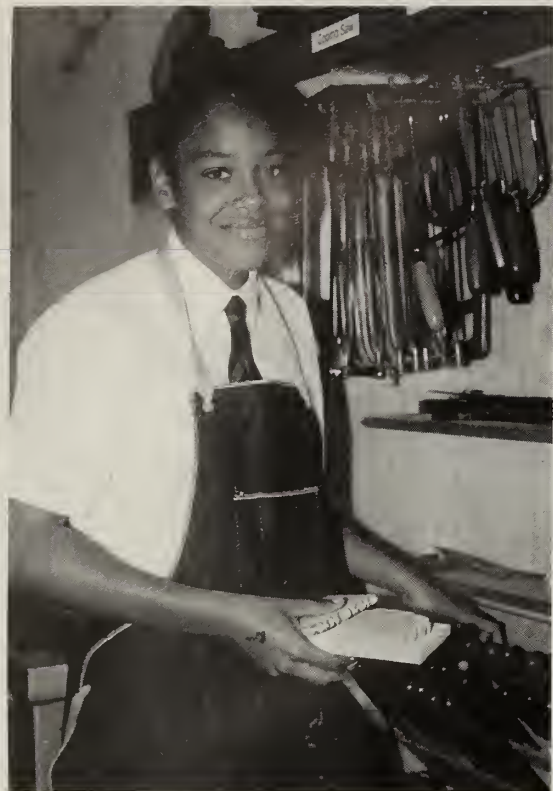

The Saltus Quiz Team, after a hard fought battle finished third in the National Quiz Contest. The team consisted of Lesley Smith, Zara Ward, Matthew Wissing, Christopher Pullen and Alexander Doyle.

They fielded questions on History and Geography, Music, Art and Personalities and Current Events. Lesley, Christopher and Alexander answered all of their questions correctly. The team enjoyed the experience and did the school proud. Three of the members, namely Matthew, Alexander and Christopher, are eligible for selection next year. Hopefully we can win outright next year,

Team Coach

Cormac Timothy

Best Wishes in your future endeavours.

ARGUS

SALTUS SWIFTS ENGLAND HOCKEY TOUR -Easter 1998-

On Friday March 27th, 23 girls (their names in the border) and 3 teachers, Mr. Dai Hermann-Smith (coach of the Junior team), Mr. Robert Ayton (coach of the Senior team) and both team's manager and nurse, Mrs. Elizabeth Campbell set off on their journey to England.

All of the girls

Our Mascot

The Supervisors?

The next day they travelled to Kenilworth, this was the day they began their first practice. For many of the girls, this was their first time to see 'turf'. Due to the fact that most of them had never played on turf and they had only played on our Bermuda grass, a lot of the girls became frustrated and upset.

Is this how we do it?

Sunday March the 29th, was the day for both the juniors and the seniors to play their first game. The juniors, captained by Lisete Moniz, played in a tournament. The results were that they drew 3 games, all 0-0 and lost one with a score of 2-0. The seniors, captained by Megan Spurling, played a terrific game and surprised their opponents by winning. They won with a score of 3-2, all 3 goals were scored by Megan herself.

Mr. West joins us again!

Left; Melissa, Erika, Lisete, Adrienne and Cathie show their bandana spirits.

Of Course the trip was not just training and competing, there were many opportunities to relax. On the morning of March 30th they went shopping in Coventry. I wonder if they spent a lot of money, they are girls? The shopping didn't last long, Mr. Hermann-Smith didn't let the girls go one day without a game. So when the afternoon came so did another game. At this game, a mixture of the juniors and seniors played and defeated the other team with a wonderful score of 3-0. They were scored by 2 juniors, Emily Leith and Katie Shaw, the other goal was scored by a senior, Jessica Sousa (she goes to Warwick Academy). This game brought everyones enthusiasm up.

Jenna: The Junior Goalie

Planning out our strategy

We stretch before every game!

Juliette: The Senior Goalie

The next day brought a few people down, when a team defeated the juniors. Although the junior team was a strong side and their goalie, Jenna Robenson defended well, but it was an unlucky goal. The score was 1-0. On that morning before the juniors played, all the girls went for a bit of fun at Warwick Castle.

Claire and Lisete the Dorks of the Day!

April Fool's Day was not a good day for the girls. In the morning the seniors were very strong but unfortunately not strong enough, the other team didn't beat the girls easily. The final score was 1-0. To add to that day, a mixed team played in England's famous weather of pouring rain and lost 1-0 as well.

On April 2nd, there was more training in the morning and then in the afternoon the mixed team won a game with a score of 1-0. This triumph gave the girls back their spirits. They were all waiting for this day to come and it was finally here. On April 3rd the Saltus teams payed a visit to Cadbury World. Hummmm Chocolate!!! Unfortunately the girls didn't have their way, they still had to practice in the afternoon.

The day before they were to return home, was spent admiring the scenery and department stores (oh no, not more money being spent on clothes and shoes!) of London. The whole day was spent shopping and the evening was spent watching the famous show of 'Les Miserables'. The girls enjoyed this very much, more the shopping than watching. But the day they dreaded came, April 5th, it was time for them to return to the little island of Bermuda with the little clothing and shoe stores!!!

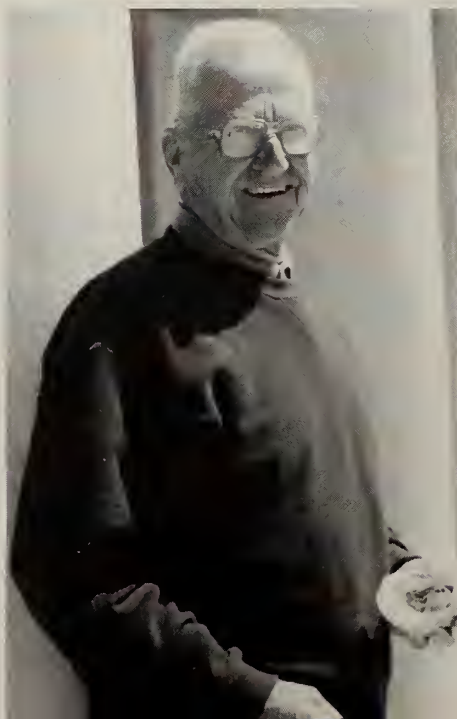

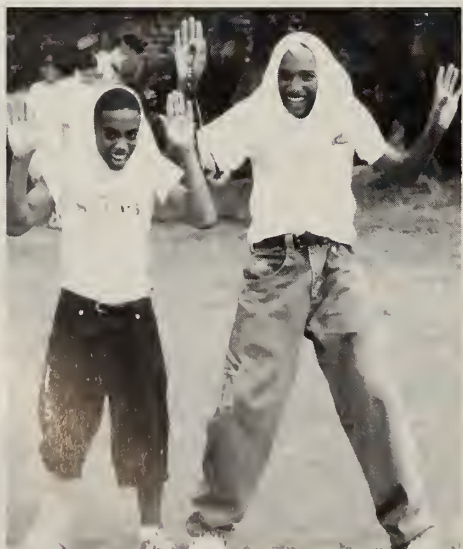

Mr. Ayton the Junior Dork

Mr. Hermann-Smith the Senior Dork

Special Thanks to: Mr. Hermann-Smith, Mr. Ayton and Mrs. Campbell. None of this was possible without them.

* nineteen hundred ninety eight *

In April, Nicole Chichon, Chris Smith and Peter Marett led a party of 30 French students on a trip to Montreal and Quebec City. The students, from S2, 3, and 4 departed Bermuda on 13th April, flying via Toronto to Montreal.

Students stayed three nights with a French-speaking host family in Montreal, two nights in a hotel in Quebec City and one night in a hotel in downtown Montreal.

The programme was packed. It included visits to two schools in the Montreal area. The first school was in an area called L'Assomption. Bermudians enjoyed a morning of conversation with Quebec teenagers before saying sad farewells and moving on to a tour of the City of Montreal. The second school visited was in an area of the city called St Henri. It was rather a contrast to Saltus, being an inner-city school, built in the early 1970s.

During their time in Montreal, the group visited the 1976 Olympic Park, the Biodome, the IMAX Theatre and still had time for shopping in the Old Port area and ice-skating.

In Quebec City, students visited the Old Port Museum, The Quebec Experience Chateau Frontenac Hotel and The Museum of Civilisation. There was also an evening trip to "Extreme", a local youth disco, (more sad good-byes!) and a Saturday morning visit to a shopping mall where remaining pennies were spent on a gift for the folks at home!

Meals were taken in diverse restaurants including traditional cafes, a Breton Creperie and a Sugar Shack.

An exhausted party arrived at Bermuda Airport on Sunday 19th April. Students and staff declared the trip to be a success. Hopefully, this will be the first of many Senior School Language trips.

The highlight of the school year for me was when I went on the music trip to Montreal, Canada. We met a lot of people and it was a good learning experience.

Fiona Lee

HIGHL

My highlight for this year was during the inter-house swimming competition when I watched all the Darrell people pulling the teachers on the tubes across the pool. It was hilarious. Another memory was at the last day of term watching the staff football game, watching all the teachers running up and down the field getting more and more tired.

Tim Burland

... beating Berkeley in the school basketball finals in overtime.

Teddy Terceira

Having hardly any math tests made me very happy. Going to watch the school play 'Bugsy Malone' was fun for me. The acting and singing were professionally done. Doing numerous IT projects was a good chance to learn how to use the programs for Macs.

Paul Sawden

I think one of the greatest highlights was the announcement of laptops because my writing is messy. I think it's great that we'll get all that information.

David Almeida

..... the school production of 'Bugsy Malone' a much larger group than usual auditioned for the play and everyone was given a part. After the hectic and nerve-racking rehearsals, we put on the show and it was a great success. Everyone involved had a lot of fun and excitement and to me this was the highlight of the year.

Edward Blakely

The highlight of my first year is when I got my first series grade card and it really shocked me because it was just my first term and I got 10 A's and 3 B's.

Toni Bento

My grade 3 cello exam was a success - DISTINCTION!

Paul Howard

My highlights of the year were getting all this freedom, getting the internet in computers, being in the play, learning Spanish and getting 11 A's and two B's.

Reuben Flood

HIGHLIGHTS

The thing I remember most this year was the 'Bugsy Malone' play. I was the impatient waitress and I got SPLURGED real good.

Velina Wheatley

I guess that the highlight of my school year has been when the Saltus girls' field hockey team went for a tour of England. It was ten days from March 27th to April 5th. In England, we learned two essential skills: how to play on astro-turf and how to get along with each other over a long period of time.

Lisete Moniz

I enjoyed debating. It was fun and I liked arguing back and forth.

Mark Smith

My highlight of this year is that, even though I can't spell in the English language, I have gotten the hang of spelling in French, thus improving my French grade. Now I need to learn how to spell in English.

Sean Terceira

.... having arguments with Mr. Hermann-Smith about something that had nothing to do with the lesson!

Cathie Hay

Lunchtime table-tennis either winning or losing but still having a good time.

Andrew Rawson

My main highlights of this school year was when I made a clock in DT. It is a blue splat with really smooth edges. I was also pleased with my mark - 85A.

Billy West

.... 93% on a piece of Chemistry work and going to play softball for the school on Wednesday

Philip Sousa

Winning the basketball tournament for under 15's by 12 points. . . 13 A's on my report card Going to the first Middle School Track and Field tournament and winning a medal.

Tiffany Paynter

My highlight of the year has been going on the French trip to Montreal. It was a great learning experience.

Toni Gilchrist-Finlay

THE END

Congratulations. You've just made it to the first day of the rest of the summer.

THE BANK OF BERMUDA
